AN AMAZINGLY OFFENSIVE CARTOON.

PAGE 1087 of Necronomicon

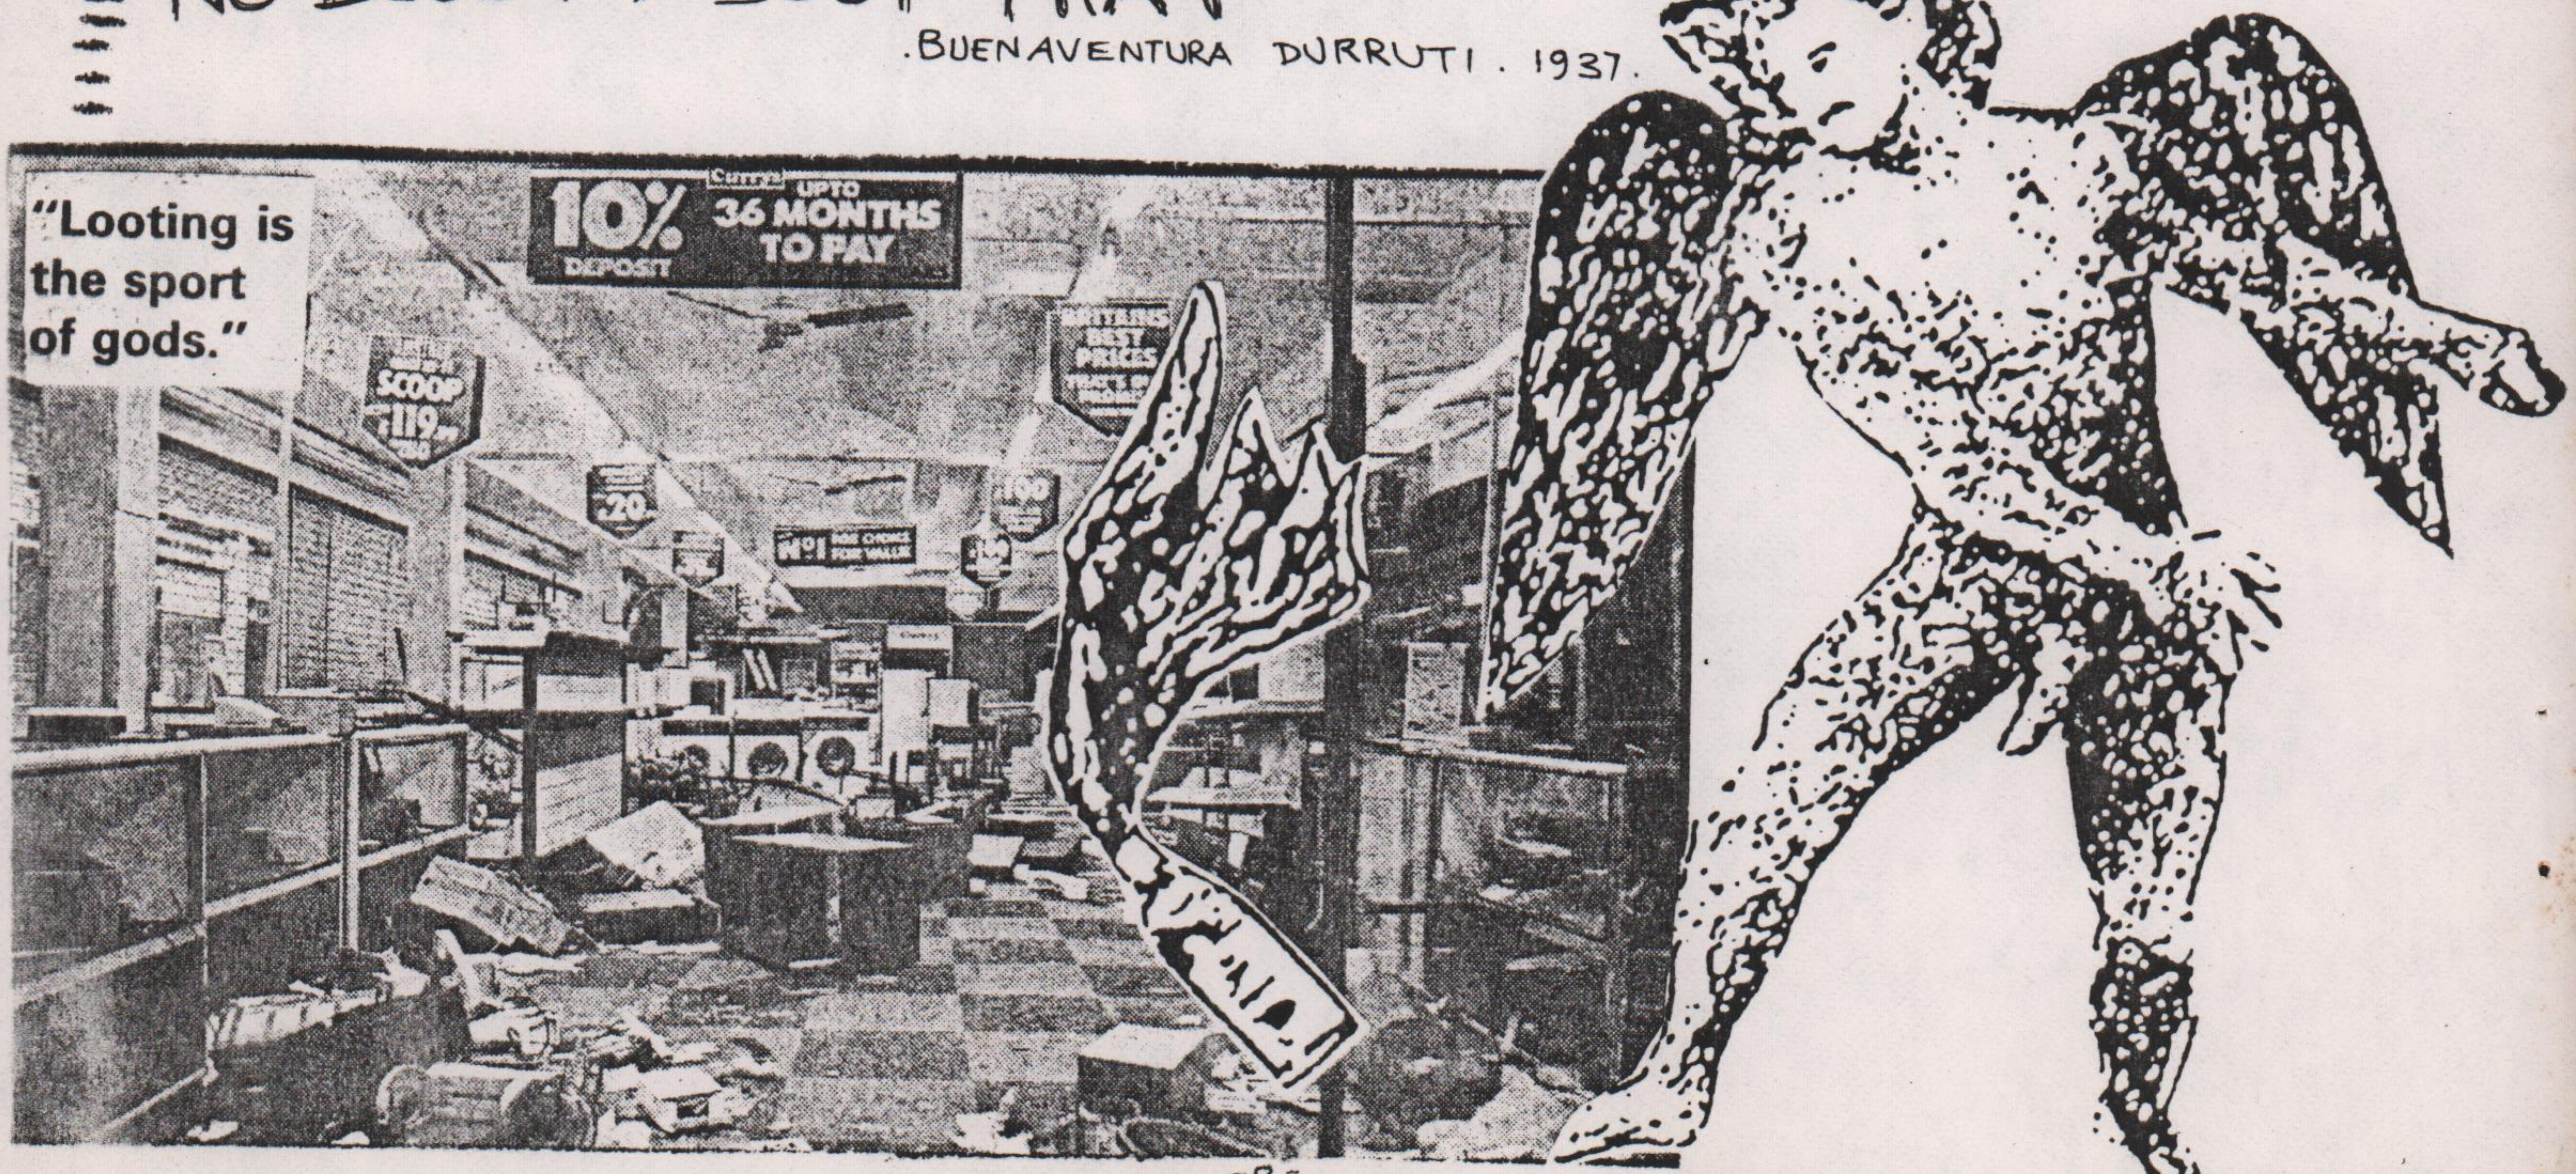

And so it will come to pass that in the age of the metal and Science and Smog that this Hallowed and terrible grisy Book of the Dead will be used for purposes of abuse and amusement by the mortals. No, I am not joking, Hours and Hours of torture having the bloody Names of Power Quoted by some snotty 17 year old brat who's got hair down to his arse and plays his "Black Sabbath" greatest Hits L.P. backwards so he can pretend to hear the Devil tell him how much he liked the last Paul McCartney L.P. And worse than that doomed to be used as some cheap plot device in the latest 'stalk'n' slash' splatter movie by some lard arsed retard of a director who makes these kind of films 'cos his sister got run over by a truck and sort of burst her guts all over the shop when he was six. Pah!! makes you want to spit! and I thought Dennis Wheatley was bad..oooooo

Still, we get a job out of his sick scrawlings!
Shame about the hand landscapes
ART?
Too much violence!
I blame a diet of 2000AD Action, his Dad's Eagle annuals, Splatter movies, punk rock and Anarchism for his deranged style....

GOOD IDEAS THO'
SICK!
And style's all it is - there's no applied technique - no accounting for detail or how people actually work - its not cartooning or realism just a strange never-never world - look at the glaring inadequacies in his work - Flatness - this incompetent rendering of a hand - inability to draw women!! you could wade for days in his cartoon box (FIG ONE) to see his failings!
with Love I hope!
HOW DOES he view his creations?
Hes also taken some stick for just using a Rotring variant and not a DIP PEN!!
Si!
A bit harsh!

WE WANT NOTHING LESS THAN THE TOTAL ANIHILATION OF GLOBAL CAPITALISM.....

The 36-year-old multi-millionaire, who lives on a London boat and gets his kicks from racing across the Atlantic, is a natural candidate for the Prime Minister's admiration.

'The charisma of Branson is not lost on the government. They see him as the ideal central figure in a massive advertising campaign to promote the scheme.'

I AM THE STORYTELLER
and this story is called...
PIANO OF DOOM!
YEHUDI EIDERDOON, THE INTERNATIONALLY ACCLAIMED PIANIST HAD BOUGHT A BRAND NEW CONCERT PIANO
ALL WENT WELL UNTIL A CONCERT AT THE ALBERT HALL....
BUT INSTEAD OF SOMETHING FROM Mozart out came a tinny version of "Melancholy Baby".
ONKPLINKY PLONKA PLONKY PLINKY PLONKY PL
After four other similar incidents with cheesy bar piano classics instead of classical pieces, Eiderdoon is a laughing stock.
STAGE DOOR
Don't come back until you've lost that sense of humour!
He hits the bars, but in one particulary seedy place.....
excuse me!
You're that piano player aren't you?
was...
I think I know what your problem is...
what?
This bar used to have a Piano player, Sam Hutt, he was good, pulled in a crowd, but he always spoke of his hate for you. He killed himself cos barroom piano will always come second to you classicals...
When did he kill himself?
10th March
Of course! that's the exact date I bought the new piano!
In that case - my guess is that the spirit of Sam has possesed that Piano!
RUSHING HOME EIDERDOON took an AXE AND SMASHED UP THE DEMON PIANO...
HE NEVER PLAYED THE PIANO AGAIN THOUGH, AS AT HIS COMEBACK CONCERT AT THE ALBERT HALL (TWO WEEKS LATER) HE WAS EATEN BY AN IDENTICAL PIANO.
SO ENDS OUR STORY.
(AND SO ENDS YEHUDI EIDERDOON....)

Adios!
